Sprint Report - Week 13/14

Sprint Number: [4] **Sprint Duration:** [Week 13] - [Week 14] **Team Members:** [Tobias Solvang Nesvik, Aleksander Lid Nesvik, Nikolai Aambø, Daniel Skjong Alnes]

---

1. Sprint Goals
- Create sketches for mobile web pages.
- Create responsive web pages that are functioning for mobile etc.
- Create repository, service and endpoints for backend.
- Create tests for the backend.
- Finish all individual course exercises group members have not completed.
- Work on React, since it's what we will use for frontend.

---

2. Completed Work

- All mobile sketches made.
- All sites made responsive.
- Most course exercises are completed by all group members.
- Some amount of backend work done by all group members.

---

3. Pending Work

- Finish backend things.
- React has not been started.
- Tests have not been made.

---

4. Challenges Faced

- Backend caused confusion and struggles.
- Multiple group members got ill.
- Multiple group members have faced unforeseen laptop issues.

---

5. Solutions

- Using tutorials and co-operating with other members has helped with the backend.
- Laptop issues were resolved.

---

6. Key Metrics

- **Total Tasks Completed:** [4/6]
- **Sprint Goal Achievement:** [66.6%]
- **Bug Fixes:** [Various frontend responsivity issues fixed]

---

7. Next Steps & Focus for Next Sprint

- Make backend endpoints, tests and security.
- Work on react and make react components.
- Try setting up frontend and backend communication.
- Finish new/remaining exercises.
